

REMARKS

Claims 3-20 are in the application.

Initially, the indication that claims 3, 4, 6 and 9-20 are allowed is noted with appreciation. In this regard, previously withdrawn claims 7 and 8 are amended to depend from allowed claim 4 so that it is believed appropriate to reinstate withdrawn claims 7 and 8 so that these claims should now be allowable based on their dependency from allowed claim 4.

The Action includes various objections to the previously submitted proposed drawing amendment, the specification and claim 3. The specification is amended to delete the previously added phrase "with adhesive 12" in paragraph [0029], and dependent claim 3 is cancelled to obviate these rejections. In this regard, the Action states that the annotated FIG. 5 submitted on May 24, 2007, has not been accepted. Accordingly, the formal drawings submitted on November 26, 2005, including FIG. 5 without the objected to revision thereto remain in the application.

Claim 5 stands rejected under 35 USC §102(e) as anticipated by U.S. Patent Publication 2002/0033321 to Miyako, et al. To put this case in condition for allowance, claim 5 is canceled herein, so that the rejection thereof over Miyako et al. is moot.

Accordingly, since all issues relating to new matter are resolved, and only allowed and allowable claims remain in the application, such action as consistent therewith is respectfully requested.
